OFFICE OF STATE EXAMINER

HELENA

December 20, 1919.

Honorable S. V. Stewart,
Governor of Montana.

Sir:

Complying with the requirements of Section 209, Article II, of the Revised Codes of 1907, and Section 65, Chapter 89, of the 1915 Session Laws, I have the honor of submitting the twenty-fifth Annual Report of the State Examiner and the fifth Annual Report of the Superintendent of Banks, for the fiscal year ending November 30th, 1919.

The report embraces a statement of the receipts and expenditures of this office, a detailed statement of the receipts, disbursements and balances of the various counties, a financial statement of the Building and Loan Associations, operating in the State, also a statement of each State and private bank, as shown on the call of November 17th, 1919.

DISBURSEMENTS.

Traveling and Miscellaneous Expense.....	\$11,214.35	
Balance on hand November 30, 1919.....	36,717.49	\$47,931.84

Owing to the severe illness of a number of the deputies during the epidemic of influenza that swept the country during the latter part of 1918, and the almost continuous employment of all of the deputies in this department by the numerous investigating committees, appointed by the Seventeenth Legislative Session, we have been much delayed in our work during the year, so that it was not possible to make all the examinations required by law.

Seven new counties have been organized during the past fiscal year, as follows: Garfield, Glacier, McCone, Pondera, Powder River, Roosevelt and Treasure, making a total of fifty counties.

There are now 6 cities of the first class, 6 cities of the second class and 28 cities of the third class, 13 towns with a population of more than 700 and 49 towns with a population of less than 700. Malta, a town of more than 700, and Wolf Point, a town of less than 700, have each advanced to a city of the third class. New towns under 700 population have incorporated during the year as follows: Dodson, Geyser, Saco, Winnett and Winifred.

There are 20 Building and Loan Associations in the State, an increase of one over last year. Two new associations have been organized during the year as follows: The Security Building and Loan Association of Billings and the Wheatland Building and Loan Association of Harlowton, the latter organized September 13, 1919, and not reporting in October. One, the Valley County Building and Loan Association of Glasgow, was liquidated during the year.

We began the year with 269 State Banks and Trust Companies and 9 private banks. During the year 14 charters were granted (2 of which were not open for business on November 17th); 4 State Banks nationalized, 1 private bank (Blair & Company, Bankers, of Helmville), converted to a State bank, making a total of 278 Banks and Trust Companies and 8 private banks reporting on call of November 17, 1919.

Notwithstanding the unfortunate drouth conditions prevailing in the State this year, in addition to the short crops of the two preceding years, the call of November 17th, 1919, shows the resources of the State and private banks have reached their highest point in the history of the State, amounting to \$127,179,020.21, as compared to the previous high point on call of December 31st, 1918, showing total resources amounting to \$123,952,587.94. On the call of November 17th, I received reports from the National Banks of the State for the first time, and all but 14 of the 142 banks in the State responded, showing their total resources at \$107,642,542.51, which added to the resources of the State institutions makes a total of \$231,595,130.45. Another interesting feature is the remarkable increase in the Savings Deposits. On call of November 1, 1918, ten days before the Armistice was signed, they amounted to \$29,861,307.17 and on call of November 17, 1919, they amounted to \$41,027,733.17.

Respectfully submitted,

H. S. MAGRAW,
State Examiner and Ex-officio Superintendent of Banks.
